

ESPERANZA DE UN HOGAR (HOPE FOR A HOME)

There are nearly 500 children in the Placement and Recruitment Unit (PRU) waiting for an adoptive family and more than half are Hispanic. Our mission in PRU is to help every child find his or her forever home. To assist with this goal, PRU has partnered with Telemundo Channel 52 to feature Hispanic children waiting for an adoptive family.

Esperanza De Un Hogar segments featuring waiting children in a fun and positive light, will air every first Wednesday of the month during the 5:30PM evening news. Anchor Azalea Iniguez will profile bilingual children that are in foster care looking to find loving adoptive families. The segments will highlight the children's unique personalities and characteristics and raise awareness for the need for permanent homes.

Please share this information with your families who are looking to adopt and help spread the word about this wonderful program. If you have any questions please contact Ivonne Crescioni at 626 229-3778 or cresci@dcfs.lacounty.gov

Tune In to the Evening News!
The First Wednesday of Every Month
5:30 to 6:00 PM
Hosted By: Azalea Iniguez
